## Solo

Solo, a new concept from Touch by Swan®, features a curvaceous design perfectly enhanced for your pleasure. A broad clitoral stimulator will create more contact with your natural shape, while the body of the Solo is positioned for mind blowing G-Spot pleasure.

Using the responsive touch panel at the base, control your experience with a simple swipe in any direction. Swiping up or down will control the clitoral vibration, while swiping right or left will control the body vibration.

The vibrations of all Touch by Swan® designs are amplified using the trusted PowerBullet® vibration technology.

## Duo

Duo, a classic design upgraded for modern pleasure seekers, is modeled after the tried and true rabbit form. The two long ears on the clitoral stimulator, which transmit the strong vibrations, are complimented by the strong rotating body. The size and weight of the ears create a steady bouncing movement, and allow for the vibration to reach the right areas as needed.

Using the responsive touch panel at the base, control your experience with a simple swipe in any direction. Swiping up or down will control the clitoral vibration, while swiping right or left will control the body rotation.

The vibrations of all Touch by Swan® designs are amplified using the trusted PowerBullet® vibration technology.

## Trio

Trio, with its bold triple sensation clitoral stimulator, is a powerhouse of pleasure. When used with the strong rotating body, Trio allows you to reach a higher level. The tri-fold shape completely surrounds the clitoral area to maximize stimulation until you're taken over the edge.

Using the responsive touch panel at the base, control your experience with a simple swipe in any direction. Swiping up or down will control the clitoral vibration, while swiping right or left will control the body rotation.

The vibrations of all Touch by Swan® designs are amplified using the trusted PowerBullet® vibration technology.
